

The Famine Early Warning Systems Network (FEWS NET) monitors trends in staple food prices in countries vulnerable to food insecurity. For each FEWS NET country and region, the Price Bulletin provides a set of charts showing monthly prices in the current marketing year in selected urban centers and allowing users to compare current trends with both five-year average prices, indicative of seasonal trends, and prices in the previous year. FEWS NET gratefully acknowledges SIPAG in providing price data.

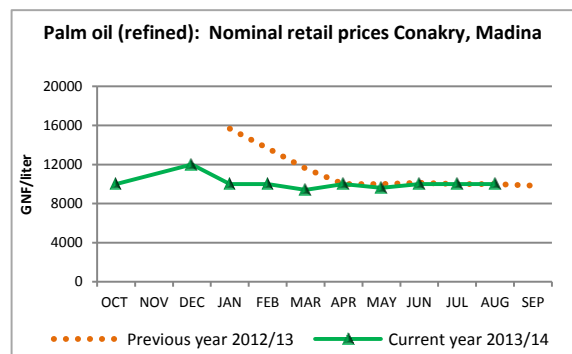

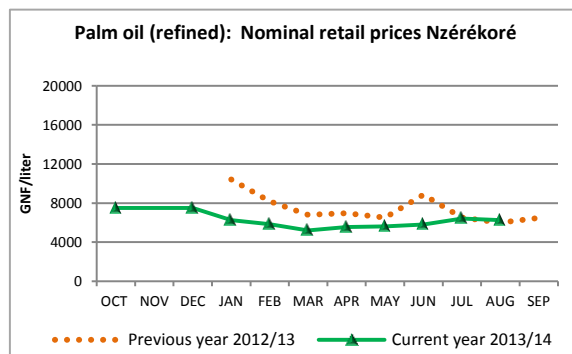

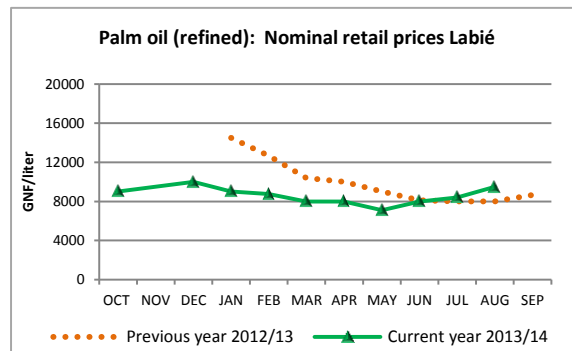

**Rice (imported)**

## Rice (local)

## Palm Oil

## Rubber
